Statement on the Use of AI-Based Tools

I, FIRST NAME AND SURNAME, hereby declare that in preparing the doctoral dissertation submitted for my doctoral examination, titled:
INSERT TITLE HERE
I have used AI-based tools (e.g., language models, text generators, translation systems, code generators, image or data processing tools, etc.) only to the extent which is consistent with the principles of good scientific practice.

I am fully aware that the use of AI systems imposes specific requirements regarding transparency, traceability, and original work. I confirm that all content, arguments, data interpretations, and scientific conclusions are the result of my own intellectual effort and that I assume full responsibility for all content.

I used the following AI-based tools (name, version, provider):
INSERT YOUR OWN TEXT HERE

The following tasks were performed with the support of AI systems (e.g., drafting text, translations, structural suggestions, code generation, data preparation, …):
INSERT YOUR OWN TEXT HERE

I hereby certify that no AI systems were used to produce core scientific findings, independent research contributions, or to conceal the authorship of others.

I am fully aware of the consequences of providing an inaccurate or incomplete statement regarding the use of AI / AI-based tools. These consequences may include and may not be limited to:

- Immediate termination of the doctorate proceedings
- Determination of scientific misconduct in accordance with the Doctorate Regulations
- Invalidation or revocation of an already earned doctoral degree
